

Minutes of Meeting 3/25/15

Academic Integrity Committee

Attendees:

Elliot Moore (ECE)

Peter Paquette (OSI)

Jeff Davis ECE (Chair)

Mary Elizabeth Herndon (Student Chair of Honor Advisory Committee)

I. Academic Integrity Committee Overview

Last year's focus was on the new Sanction Model on Academic Misconduct. This year the focus is on optimizing the distribution of this information to faculty and staff.

II. Main Topics Discussed

Office of Student Integrity (OSI) Video

Our committee reviewed a new video to educate students on the process that starts if they are involved in an academic misconduct allegation. The committee thought the video was informative and was very professional. OSI has also been educating different organizations on campus about the new sanction model, which includes the athletic department.

OSI Insight into the New Sanction Model

So far the new model seems to be working well. Surprisingly, so far, there have not been that many "two-time" offenders this year. It is unclear why this is the case.

Executive Board Oversight Committee Feedback

There was a brief discussion on the merging of this committee with the Student Honor Committee. It is unclear if the Student Honor Committee wants to increase its role in policy issues in addition to their role of hearing student appeals.
