1.34 million visits to main library FY2014
2.5 million full-text articles viewed
1.9 million database searches
Library Print Book Checkouts (2002-2012)
TECH/EMORY COLLABORATION:
Expanding access for both Georgia Tech and Emory through a shared collection housed in the Library Service Center.
REIMAGINING THE LIBRARY:
A “long life, loose fit” library model for the 21st century.
GEORGIA TECH LIBRARY’S VISION:
Georgia Tech Library will define the technological research library of the 21st century. We will enable people to explore the past and design the future by bringing together inspirational spaces, curated content, expert guidance, and scholarly communities.
NEW LIBRARY SERVICE PHILOSOPHY:
In support of the Institute’s Vision, Mission, Values, and Strategic Goals, the Georgia Tech Library will consistently provide high quality services.

• Support teaching, learning and research needs
• Provide individualized service
• Deliver service in a predictive and proactive manner
• Work professionally and collaboratively
• Provide a dynamic library and learning environment
• Utilize ongoing assessment
